MD's MESSAGE:

Mr. ASHOK KUMAR NARAYANASAMY
Founder and Managing Director

At Aquatek, our journey began with a simple yet powerful **mission**: to build a greener, more sustainable future through innovation in sanitary solutions. From day one, we've been committed to delivering next-generation bathroom and kitchen fittings that not only enhance everyday living but also conserve our planet's most precious resource-water.

We take pride in being an environmentally conscious organization. Our products and processes are designed to minimize water usage, reduce waste, and promote long-term sustainability. Every Aquatek fitting is a step toward a more responsible lifestyle.

Our vision is bold and clear: to become a leading name in polymer sanitary fittings across India and Asia. With a diverse and innovative product portfolio, cutting-edge technology, and a customer first mindset, we aim to transform homes into elegant, comfortable spaces-without compromising on affordability or quality.

This catalogue reflects our dedication to excellence and our promise to deliver value to every stakeholder - our employees, customers, suppliers, and shareholders. Thank you for being part of the Aquatek family. Together, let's shape a future that's not only beautiful, but sustainable.

Warm regards,

Ashok Kumar Narayanasamy
Managing director
